Chapter 21 - D-I-S-Cussion QUESTIONS (answered individually or in groups)

1)	Do you know a sweet and supportive "S" mom who would "drive a hundred miles to fix dinner for
	someone who had a cold?" What do you think about a mom who would do this or something simi-
	lar? (No, I can't give you her phone number.)

Have you – or do you know an unmotivated "S" mom who may have inadvertently suppressed her 2) child from achieving results according to the child's personality styles? Please describe a situation.

Are you – or do you know an "S" mom who unwinds at the end of a day by watching TV or "doing nothing" for the rest of the night? Please describe a situation and how that makes you feel.
