Chapter 6 - D-I-S-CUSSION QUESTIONS

(answered individually or in groups)

1) Have you functioned in a group setting (such as training camp) and had to cope and adjust with other personality styles that appeared to be extremely different from you?

2) How do you feel about performing on stage or in front of others? (Please give an example or experience with this.)

3) Name or describe a situation where you felt your child deliberately tried to irritate you in the past and realize now that it could have been differences in personality styles.
